

SADIE BARSTOOL

Model: 837BS
Series: Sadie
Designer: Joey Ruiter

The Sadie Barstool finds a balance between modern and industrial, the linear steel frame makes a strong statement while the subtle contours of the wood seat and back are surprisingly comfortable and supports the body in just the right places.

- 18 gauge steel frame
- Wood or upholstered seat available
- Upholstered models feature 1" of high resilience foam
- Indoor models include wood seat and back
- Premium plastic glides
