

# WALL POCKET SYSTEMS STANDARD

POCKET SHOWN 86R031424  
DOUBLE DEPTH RECESSED WITH ONE TABLE SET IN-USE

Wall Pocket Systems are a great way to quickly and safely free-up cafeteria space for other activities. When tables are stored, you have a useful multi-purpose room. When needed, tables and benches can be unlocked from the wall pocket and easily set up for use.

A flexibility configuration—invaluable for facilities where floor space and storage are at a premium.

## FEATURES & BENEFITS

### ► Multiple Locking Systems:

*Five separate locking mechanisms, the greatest number of locking points in the industry!*

**Track-Lock®** provides a one-step release from the wall pocket and convenient, secure return.

**Intermediate Track-Lock** automatically secures table and benches in pockets during storage.

**Z-Lock** automatically captures, aligns and secures table and benches to the top of the pocket.

**Bottom Safety Catch** latches outer table and benches with inner table and bench leaf.

**Keyed Mullion Lock** secures table and benches in storage position from unauthorized use.

### ► Smooth Top: Surfaces of tables and benches are free of “lock holes”.

*Sanitary and tamper-resistant tables and benches.*

### ► Lift Assist System™ with compression springs provides smooth, safe and controlled operation.

*The easiest lifting system on the market.*

### ► Center Legs with cushioned rubber feet provide additional load-bearing capacity and stationary stability.

*Holds up to the rigors of today's school environment while keeping table and benches safely in position while in use.*

### ► Center Latches on table and benches are accessible from either side of the table.

*Less walking around, more convenient.*

### ► Poly II Caster Wheels provide excellent floor protection, abrasion resistance, high-impact strength, and easy, quiet operation. They are non-marking and resistant to water, oil and most chemicals.

*Tables move with little effort on these long-lasting wheels.*

### ► EdgeGuard™ is a sprayed on polyurea edge treatment that provides superior resistance to moisture, eliminates unsanitary food traps, and is extremely tamper resistant.

*Top edges stay sealed, preventing edges from peeling and chipping.*

### ► Powdercoat Finish creates a textured matte finish that is tougher and longer lasting than conventional paint.

*Reduces chips, scratches and protects frames.*

### ► Wilsonart® Laminates are abrasion resistant and meet or exceed NEMA specifications.

*Less scratching, fading and staining.*

### ► Storage Capacity: A single 14' table system stores in just 6 inches of depth. A quad system (4 sets of tables and benches) stores in as little as 22.75 inches of depth. *Cafeteria seating for up to 80 students, per quad system, that quickly stores — leaving you with space for other activities!*

Palmer Hamilton offers a complete turn-key installation when purchasing our Wall Pocket Systems. We can conduct a site survey of your area to determine the most suitable models, design your cafeteria space, and provide delivery and installation services. With you every step of the way!
