infinite possibilities

Cosmopolitan is a smart and sophisticated system with precise fit and finishes capable of performing in any planning situation. With Infinite design possibilities, **Cosmopolitan** is able to adapt from simple environments such as a receptionist station to private executive spaces with floor to ceiling partitions and everything in between. **Cosmopolitan** defines the criteria for an all encompassing office furniture system.

Cosmopolitan laminate tiles are available segmented or monolithic and boast innovative promise. Crafted to be environmentally sound, panels use eco-friendly, water-based adhesives and powder coat paints. Easily configured monolithic panels accommodate a growing work force, maximize furniture investment and reduce overall environment waste.

comprehensive line of product details

Encourage teamwork and functionality with a comprehensive product line that provides an architectural aesthetic with a light and modern feel, visual privacy, access to natural light and optimal use of space.

Panel mounted shared shelf provides storage for two people and offers the option of glazed or whiteboard backs, increasing its functionality.

Top trim mounted screens are available in heights of 8" or 16", provide visual privacy, access to natural light, and ensure panel heights are kept low.

Open gables fabricated from aluminum, offers a lighter looking alternative to traditional laminate gables and is available in all of Tayco's metal paint colors.

creating the space you need

Cosmopolitan panels are available as low as 37" in height to support team coordination and allow natural light to reach all workstations, minimizing the need for artificial lighting. Panels increase in height by increments of 8" and extend up to 85" tall to allow the creation of private offices or other customized spaces. Create hidden storage space or a printing room in-between offices and blend it all together with full monolithic tiles.
